**Subject:** Agenda Items for today's 1pm meeting on stormwater  
**Date:** 11/02/2006 12:17 PM

---

Hi all -

I'm not sure who all will be at this meeting, so this might be a more limited distribution. I haven't seen an agenda circulated for today's meeting, so I thought I would send out some possible agenda items that may be suitable for today's management meeting on stormwater. If you have others, or if anyone's got an idea of the agenda in their heads, please let me know!

The meeting is at DEQ NWR, conference room A/B on the 4th floor.

We can possibly use the LWG's conference line, which is

(b) (6)

1. DEQ's Program
  - list of sampling sites and current approach
2. Current LWG/City proposals
  - are there other options?
3. Schedule
  - data timing, implications and impacts
4. Path Forward

cheers  
valerie
